The Sub Assistant Director of Fisheries,Calicut reports that at his inspection of the Kesarkodi Fisheries School on 15.2.1940, the Deputy Inspector of Schools, Kanara Mahomedan Range, has remarked as follows:--

"As the school has to be developed into a complete school, the next higher Standard III may be opened in June next. This will not necessitate any addition to the staff."

In view of these remarks, I request that you will be so good

as

as to obtain the sanction of Govèrnment for permitting the opening of the III Standard in the Kesarkodi school without the employment of an additional teacher with effect from 3.6.1940 when new classes will be formed.

From (Name) Diwan Bahadur Dr.B.Sundara Raj,M.A.,Ph.D;
(Designation) Director of Fisheries,

To The Secretary to the Government of Madras,
Development Department.

Sir,

Ref:- My letter No.3018-C/39-5 dated 8th March 1940.

In continuation of my letter quoted above, I have the honour to forward herewith in original a petition dated 29.2.1940 from certain residents of the locality.

2. The following remarks were made by the Inspector of Fisheries at his inspection of the school on 31.1.1940:--

"In G.O.No.Ms. 2673 Dev.,dated 1.11.39 the Government have ordered that the proposals for opening the III standard should be deferred till the restoration of normal times. The opening of the III standard in June 1940 is an urgent necessity. If the III standard is not opened, the twenty

children who are now reading in the II standard and who will be promoted to III next June will have to leave the school. When once these children leave the school, it will be a very difficult task to get them back to school again. It is perhaps out of financial consideration that the Government have ordered the postponement of opening the III standard. If so the present staff of two teachers is prepared to manage the III standard till the Government find it convenient to sanction the additional hand."

To save the children promoted to the III standard from giving up their studies the 2 teachers have offered to have the additional standard opened without an extra teacher till one is sanctioned by Government.

I have the honour to be,

Sir,

most obedient servant,

C. R. Nateson Pillai

Director of Fisheries.

Translation

Humble petition dated 29-2-40 from the residents of Kesarkodi, Shirur Village No.1, Coondapoor taluk, to the Inspector of Fisheries, (North) Mangalore through the Headmaster, Kesarkodi school.

We are very grateful to the Govt Fisheries Department for having opened a Fisheries school at Kesarkodi for the education of our children. At present there are only two standards (I st and II nd) in the school. As we are all very anxious to get ~~out~~ our children educated and as there is no higher standard in the school We most humbly beg to request that the III standard may kindly be opened in the School in june next. We ~~are~~ will be very sorry if the children are asked ~~to~~ to discontinue their studies, as the education so far imparted to them will be of no use to them in their future career. Again we beg to request that the higher standard may kindly be opened

Opening of III standard

(From the D. F. No. 3018-C/39-5 dt 8.3.40)

To A.S.

The D.F. asks for the
sanction of Govt. to the opening
of III standard in the Kesarkodi
School with effect from 3.6.40,
without employing an additional
teacher. The proposal for the
opening of this standard in the
school was previously considered and
defered till the restoration of normal times,
as it involved the employment of
an additional Higher Elementary
grade teacher. The Director
reports that the Dy Inspectress of
Schools recommended the opening
of III standard in the School which
would not necessitate any addition
to the staff. Though the opening
of the III standard in the Kesarkodi
School does not involve the employment
of an additional teacher now it is
bound to entail the employment

Employment

The School was opened in June 1938 and has now only two classes.

of an additional teacher later on.
The Director's proposal would involve
an annual average expenditure of Rs. 400/-.
It is for orders whether the proposal
for the opening of III standard
in the Kesarwadi School in June 1940
without employing an additional
teacher will be accepted. If so,
the remarks of Finance may be
invited.

The proposal would involve some
liability at a later stage when the
existing classes expand. It may however be
agreed to as there is no immediate demand for
addl. staff and as it is desirable to switch these Schools with full lower
elementary Schools.

Director's letter dt. 20.3.40 to Govt. "The opening of the III Standard ... During the next School year it appears to be quite essential, in view of the fact that there is very difficult to get these children to School again if they are not asked to leave the School for want of facilities to continue their education. Thus the letter of two years ... will be lost; the third standard if not opened the School."

with R.F. 3161 VI/38

Please see the Devn. note above. Communication since received on the subject has been added as pages 3-4 C.F. As no additional teacher is asked for, this Dept. may agree to the opening of III Standard in the Fisheries school if and when a demand is made for an additional teacher as a result of the opening of the III standard.
